PORT CHESTER.

Since the failure of the people of this place to support the public park project at Rye Beach, an effort is being made by those most interested to oring it being made of those most interested to bring it before the County Board of Supervisors. It is said that the promoters of the park will ask the Supervisors to issue \$200,000 in bonds, or as much nore as is necessary, with which to purchase the and now known as Rye and Oakland beaches and Edward's Beech Hill, to be used for a park for the mitre county.

MOUNT VERNON.

The Rev. William F. McDowell, for the last nine years Chanceller of the University of Denver and at present corresponding secretary of the Educa-tional Society of the Methodist Episcopal Church, is to preach in the Chester Hill Methodist Episcopal Church to-morrow. December 24 Professor A. O. Curtice, of Drew Theological Seminary, will preach, will preach, will preach,

and December II the Rev. William Burt, of Raily, will preach.

Reginning to-day, the Union Railway Company will run a line of stayes from the end of its Bronxwille line to the Tuckahoe station of the New-York ville line to the Tuckahoe station of the New-York and Harlem Halfroad, thus giving through connection from Mount Vernon to Tuckahoe. The Trustees of Bronxville are new considering the application of the company for a franchise over the route to be travelled by the stages. Apparently the stages have been established by the trolley company while its request is pending, in order to show the people of Bronxville how accommodating it can be. At the same time the people of East Chester and South Flifth-ave. Mount Vernon, who gave the Union Company franchises nearly three years ago, are calling in vain upon it to build. The company has no competitor in East Chester, and is taking its time, but in Bronxville, where there is a rival company seeking franchises, everything is being pushed.

This was followed by a reading by Mrs. Rufus Dutton of an account of "The Last Days of Washington."

ITALIAN CARRIES A BAG OF DYNAMITE.

A POLICEMAN HITS IT WITH HIS CLUB AND THE

MAN IS FINED IN MOUNT VERNON. Sando Pasquale, an Italian employed by the New ork Telephone Company to do blasting, boarded a trolley car bound for Mount Vernon at Williams bridge yesterday morning. He had a large feed-bag, which he held in his lap until he reached Mount Vernon, where he went into the crowded waiting room and dropped it carelessly on the floor. Patrolman Atwell, seeing the Italian get off the car, and thinking that he might be one of the lead pipe thieves who have been at work in Westlead pipe thieves who have been at work in Westchester County, tapped the bag with his club to
see what it contained. There was a suspictous
rattle, and as the man appeared to be badly
frightened the officer thought there was no doubt
of his guilt, and marched him to the police station.
Sergeant Deveaugh and Patrolman Atwell were
horrified to find nearly one hundred pounds of
dynamite, with caps and other explosives, in the
bag. Pasquaie was arraigned before City Judge
Schatz on the charge of violating the city ordinance in carrying explosives without a permit.
Judge Schatz fined him 100 or one hundred days
in jall.

in jall.

"It is extremely fortunate that the officer happened to strike a spot with his club," said the Judge, "that did not produce an explosion. I am only sorry that the law does not permit me to fine you \$50 instead of \$100 for such carelessness." The prisoner paid his fine, and the police turned the dynamic over to a local contractor, with instructions to take it to a place of safety as soon as possible.

Makes hot breakfast-breads wholesome—no yeast germs, no alum. Makes cake, biscuit and pastry of superior fineness, flavor and delicacy. Makes food that will keep moist and sweet. Is most economical, because it is the purest and greatest in leavening strength. In the easy, expeditious preparation of the finer cakes and pastries appropriate to the season, Royal is indispensable.

Care must be taken to avoid baking powders made from alum. Such powders are sold cheap, because they cost but a few cents per pound. Not only will they spoil the cake, but alum is a corro-sive acid, which taken in food means injury to health.
